BSW Professional Program Application
Students may declare social work as their major at any time following admission to the University; however, declaration of the social work major does not guarantee admission into the BSW program. After successful completion of 60 credit hours, students with a social work major may apply to the Bachelor of Social Work program. After admission to the social work program, third- and fourth-year Social Work Majors complete upper-division courses and a supervised field practicum in a social service agency.
See the department website or the degree audit for specific professional program application criteria.
