## GENERAL ACADEMIC INFORMATION

### Minimum Graduation Requirements

1. 120 credit hours
2. 2.0 CU cumulative GPA
3. Residency: 30 credit hours of degree must be completed while registered in the Helen and Arthur E. Johnson Beth-El College of Nursing and Health Sciences

### Student Responsibilities

Students are required to know and follow:

1. All academic policies set forth by the University, College, and academic department in the UCCS Catalog: [catalog.uccs.edu](http://catalog.uccs.edu)
2. All course prerequisites designated by the University. Failure to meet course prerequisites may result in an administrative drop of the course from a student's schedule. See degree audit for course prerequisites within the academic major.

## MAJOR INFORMATION

Allied health professions are health care professions distinct from nursing, medicine, and pharmacy. They work in health care teams to make the health care system function by providing a range of diagnostic, technical, therapeutic and direct patient care and support services that are critical to the other health professionals they work with and the patients they serve. An upper division completion option is available for students who have completed training in allied health areas such as radiation technology, dental hygiene, paramedic, respiratory therapy, etc. To be accepted into this program students must have completed a certificate in an allied health area from an accredited program other than UCCS that included at least 40 training credit hours in order to complete the portfolio requirement of this option.

**NOTE: Students must complete Allied Health Portfolio prior to admission into the completion program.**
